## OPEN HOUSE

Teachers welcomed their students and parents for an educational and informational **Open House** on Monday night, September 26th. How wonderful to see our halls and classrooms filled with our fabulous CES families!

### 2022 Scholastic Book Fair!

The CES Scholastic Book Fair was a great success. A percentage of all purchases is used to buy new books for the school library, as well as classroom libraries for all grades. All donations made towards classroom wish lists were met by grateful teachers and students who are excited to read them. Thank you for your support in helping us grow happy readers!

### CES Pumpkin Patch T-Shirts

can be worn on Fridays during the month of October to promote our Pumpkin Patch and our school. Preschool children may wear them any day of the week during the month of October. Order forms coming soon!

### CES LOVES OUR GRANDPARENTS!

We were able to hold our Donuts with Grandparents this year to acknowledge Grandparents' Day and to celebrate grandparents and special friends nearby and far away. **Grandparents** are so important to us and make such a difference in our lives. Thank you, CES Parent Association and CES teachers, for making this happen. Everyone loved being together.

### Mission Statement

Christ Episcopal School is a diverse community of learners who participate in an enriched academic program in a nurturing Christian environment which fosters a dedication to service to others and a love of lifetime learning.

## I scream, you scream, we all scream for Ice Cream!

**Mrs. Hanes' 4th grade class** recently made ice cream with the help of **Mr. Hanes**. The activity included math, science, and writing skills. Students measured ingredients, discussed states of matter, as well as how salt lowers the freezing point of water, and then wrote a letter to their parents about the activity. What fun! Yummy yum yum!

## Technology Class Project

**Students in grades 1-5** created digital drawings in Microsoft Paint and Paint 3D utilizing a stylus and drawing tablet. Combined together, the drawings create a map of the CES Computer Lab.
